Quality Teaching will continue to be a focus for 2013

Current research states that within schools, teachers are by far the most profound influence and impact directly on student learning outcomes. We are indeed very fortunate to have a highly experienced staff whose teaching skills are continually being updated through professional learning opportunities.

We are well-prepared for the challenges ahead in 2013 and continue to prepare our students for the 21st century. The role of the teacher of a school in the twenty first century is one of the most exciting and significant undertaken by any person in our society.

Schools share this responsibility with students, parents, carers, families, the community, business and other education and training providers. I know our teachers are keen to promote equity and excellence of our school and ensuring that the students we serve, individually and collectively are central in all decision making we undertake.

Last week during the Meet the Teacher evenings, parents were informed about the innovative and creative programs being provided in all classrooms. Thank you to all the parents who attended these meeting. I heard many positive comments. Thank you to all the teachers for their dedication and commitment to our children.

Kindergarten

Kindy made it very successfully through their first week- I must admit they looked a tad tired on the first Friday afternoon. I did make the mistake of asking one little girl on the following Monday how school was going. She replied, “School is fun, but why can’t we come on the weekends?” I was a little lost for an acceptable explanation for that one!

Class Parents:

As mentioned during the Meet the Teacher evening, there is usually 1 or sometimes 2 parents for each class in this role. This person(s) assists with communicating and liaising with other parents within the classroom on behalf of the teacher and/or the P&C. We are still short a few class parents, please see your child’s teacher if you are able to assist with this role.

Anaphylaxis

The Department of Education and Communities has recently announced that all government schools will receive a general use adrenaline autoinjector (an EpiPen) for their first aid kit.

This does not replace the need for parents to continue to provide the school with an adrenaline autoinjector and AS-CIA Action Plan for Anaphylaxis signed and dated by their doctor when their child has been diagnosed with anaphylaxis. Instead the general use adrenaline autoinjector is intended to be used if:

- An undiagnosed student has an anaphylactic reaction at school
- There is a misfire of the adrenaline autoinjector that has been prescribed for a student
- A student requires further adrenaline autoinjector to be administered after his or her own adrenaline autoinjector has been administered.

Please contact the school if you would like further information in relation to this matter.

Students and the Social Media

Many of our community know of or are an active member of social media sites such as: Facebook, Skype, Meebo, Twitter, Kick.. and the list goes on! Therefore, many of our children are members of many of these sites as well. Social media is a relatively new phenomenon that I am sure is here to stay.

We as adults and parents in this relationship must endeavour to ensure that the children are fully aware of their responsibilities when on the net and the ramifications that follow from irresponsible use of social media.

Over the last two years I have had cause to intervene and discuss with parents inappropriate behaviours and fractured friendships after a weekend or a night of social net interaction. It is much easier to say hurtful things to or about someone when you are looking at a keyboard rather than a human face. What is typed and posted cannot be withdrawn.
I urge all parents to reinforce my message to our older students to be net aware and net polite. It is never too early to start! Technology and access is changing so quickly that our children need safe and sure support.

**Homework**

Homework is a valuable part of schooling. It allows for practising, extending and consolidating work done in class. Homework provides training for students in planning and organising time and develops a range of skills in identifying and using information resources. Additionally, it establishes habits of study, concentration and self-discipline. Homework should have a specific, explicit learning purpose and the teacher should provide feedback to your child about their homework.

*Homework for Kindergarten-Year 2*

In general, students are not expected to complete formal homework in Kindergarten. Students may be given books to read at home, as appropriate.

In Years 1 and 2 some formal homework may be set. For example, students might be asked to read and write, learn words for spelling and complete some mathematical activities.

*Homework for Years 3-6*

Homework in Years 3-6 may be varied and students may be expected to work more independently. Students could be encouraged to read and practise mathematical concepts learnt at school. Other homework may also be set across areas of the curriculum.

As a guideline - homework for Years 3 and 4 should take about 30 minutes each night. Years 5 and 6 should apply themselves for approximately 45 mins.

After this time of application, if the set tasks are not completed, please allow your child to leave the rest for another time. Some children are able to complete many tasks in the set time and other children struggle to finish one task. Please speak with your child’s teacher so that your child is completing the correct amount of homework for them.

**Congratulations**

Congratulations and good luck to Zarli V (3C) who will be competing in the State Surf Life Saving Championships at Umina Beach on Friday, 1st March. She will be competing in 'flags', board and swim events.

**Swimming Carnival**

Our annual swimming carnival is Monday, 4th March. This involves all students Years 3-6 and those students in Year 2 who have already turned 8 or are turning 8 this year and can competently swim 50 metres. I encourage and expect all of the students mentioned to attend and participate. A carnival is about fun, school spirit, house spirit and participation. Let’s see if we can have a record number of participants at the pool on the day!

**Staff Development Day**

There will be a Staff Development Day on Tuesday 2nd April (the day after the Easter break) at Asquith Girls High School for all teachers. This will replace the Staff Development Day in Term 2 on Tuesday 30th April 2013. This change is due to the availability of the guest speaker, Jason Clarke. Focus of the day will be on Building a Creative Learning Community. Parents are asked to make other child care arrangements for their children on Tuesday 2nd April, as there will be no classes. Students return to school after Easter on Wednesday 3rd April.

**Maths questions**

Are you in search of an educational game to sharpen your child’s maths skills and recall? Maths Monkey’s Quest features maths questions on topics ranging from addition and subtraction to ratios and percentages. It’s aimed at children from Years 3 to 8.

**Helping your child with homework**

How do you help your child while allowing them to develop independence? Teachers talk about how parents can help kids take responsibility for their homework and avoid Thursday night meltdowns.

**Di Bower, Principal**
DRAMA NEWS - Congratulations to ALL the children who auditioned for the junior and senior drama groups. They were fantastic! Over 100 children auditioned and it was so hard, as always, to choose the 60 children for the two groups. The lists went up last Thursday so special congratulations to those children who added that little bit extra to be chosen. A big thank you to Mrs Till and Mrs Bolger who helped with auditions during lunchtime. Junior Drama begins this Thursday in the hall at lunchtime. And Senior Drama began today.

Dramatically yours
Jennie Smith

MUSIC NEWS - Fantastic work from the Concert band. We have new music which will require some work – but let’s rise to the challenge! I am ordering more music for later in the year as well.

BAND WELCOME EVENING.
There will be a band welcome evening for all musicians and parents on THURSDAY MARCH 7th at Berowra PS. Both bands will play so put this date in your diary for a great social evening. More details to follow.

Training band have their FIRST rehearsal next week – week 5.
Time  8 am.
Place  School hall.
Bring  your band bag containing your tutor book (Standards of Excellence) and your notebook and your instrument.
Wear  your school uniform.

By now all training band musicians should have had a few lessons and should be able to put their instrument together and be starting to play the first Band pages in Standards of Excellence. We will be spending some time on the first 3 notes, learning to read music and how to play together as a band. This is the beginning of a wonderful journey!

Any questions or queries? Amanda Gillard 9456 2908 bpsband@hotmail.com

The Football Sydney Group would like to send a public apology to the students and parents who attended last Thursday and would like to offer them the next two sessions of the clinic for free. FSG is extremely passionate about each child and also passionate about the vibrant students at Berowra Public School. We are committed to building long-term relationships with schools and we understand the key role schools play in developing grassroots footballers. Football is on again this Thursday.
